

## CHASKEY'S FARM

It's gonna rain on Chaskey's farm some more.

(repeat)

Scott wakes up in the morning,

prays for sun and gets more rain.

Weeds, crows, threats of disease, are driving him insane.

It's a shame the way the deer eat more and more.

It's gonna rain on Chaskey's farm some more.

The chickens are gonna work on Chaskey's farm some more.

(repeat)

They get organic feed

and everything they need.

They don't do any harm

here on Chaskey's farm.

And the eggs are better than at any store.

The chickens are gonna work on Chaskey's farm some more.

The interns are gonna work on Chaskey's farm some more.

(repeat)

They plant and weed and sow

and water every row.

And work hard to make everything grow

and they finish every chore.

The interns are gonna work on Chaskey's farm some more.

The members are gonna work on Chaskey's farm some more.

(repeat)

Volunteering when they're able,

working at the common table.

Planting new potatoes

and slicing up tomatoes

the members don't get bored.

The members are gonna work on Chaskey's farm some more.

We all wanna work on Chaskey's farm some more.

(repeat)

20 years have just flown by

like the bluebirds in the sky.

Friends have made a home

on this Amagansett loam.

Lets all give Scott a hand

and give thanks for this precious land.

We all wanna work on Chaskey's farm some more.
