About the Peconic Land Trust and the NYC Committee: The Peconic Land Trust was founded in 1983 to conserve Long Island's working farms, natural lands, and heritage for our communities now and in the future. The funding for the Trust's conservation work and operations comes primarily through donations from individuals and organizations. The NYC Committee was formed in 2005 as a way to introduce the next generation of philanthropically minded individuals to the work of the Peconic Land Trust.
